

Gateway to Global Growth Support for experienced exporters

Are you an established exporter looking for support to enter new markets?

This FREE one-year programme gives you strategic support and guidance, and helps you access export services from UK Trade & Investment and other organisations.

We'll help you get the specialist information, skills and guidance you need to grow your exports.

What are the benefits?

"Going Global enables a level of growth not otherwise possible", says 57% of UKTI customers surveyed

- Grow your export function - we'll get you the strategic support you need
- Survive times of economic instability - get the advice you need to build a robust export plan
- Build your knowledge - our experts will provide specialist advice and training, helping you to access Global Value Chains
- Access new markets - we'll help you identify and reach them.

What does it provide?

- An in-depth review to identify your company's needs and aims
- Quality training, strategic development & masterclasses on key topics
- Specialist advice - with advisers in over 160 locations worldwide and access to local specialist sector focused advisers
- Information on the national and regional grants available to exporters.

Eligibility

This programme is ideal for North West businesses who have been exporting for between 2 and 10 years, and who are ready to take the next step in their export development.

Next Steps

The programme is completely tailored to your needs and will be completed within 12 months.

There is no cost attached to this service. You will have your own International Trade Adviser who will work closely with you from the initial eligibility review, through to your business review and action plan.

For more information about this service or to speak to an International Trade Adviser please contact our International Trade Centre on 03333 200 392 or email info@uktinorthwest.co.uk
